Mew V2

By LuIS and POdragon

1

2

3
Start the model
at the ears and
buid down.

4

6

14

10
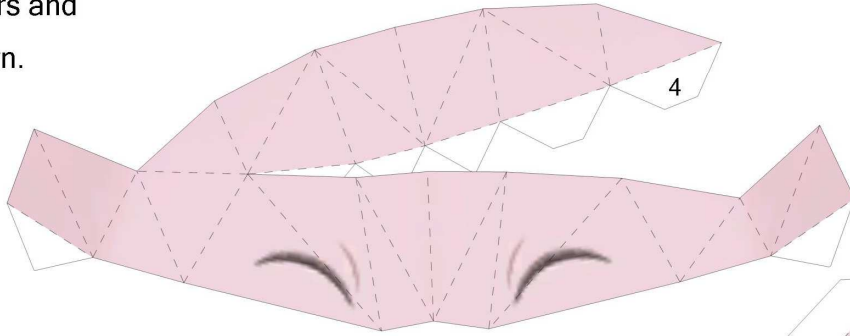

The fingers are small, so
take your time there. Also,
the use of tweezers is indicated.
Colored tabs included for reference.

11
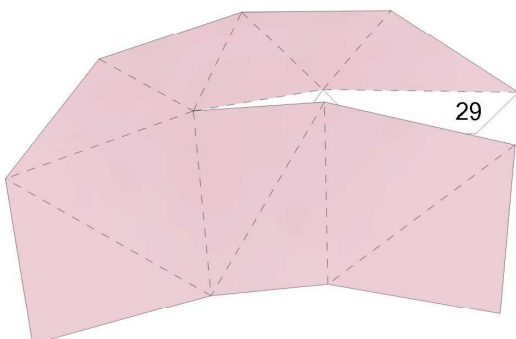

13

15
Join the tail and piece 24
TOGETHER to the body.

18

26

28

25

27

17

Start the tail at the tip. Be careful with it, since if it isn't built properly the model won't stand like it's meant to at the base.

Base top

30

Use a pencil to round the
pieces of the base.

Base sides.
