Belem Tower, Portugal : Assembly Instructions

Canon

## PAPER CRAFT

http://www.canon.com/c-park/en/

View of completed model

* This model was designed for Papercraft and may differ from the original in some respects.

■ Assembly Instructions : Seven A4 sheets (No. 1 to No. 7)

* Build the model by carefully reading the Assembly Instructions , in the parts sheet page order.

*Hint: Trace along the folds with a ruler and an exhausted pen (no ink) to get a sharper, easier fold.

Assembly Instructions

Mountain fold(dotted line) Make a mountain fold.	**Glue** The glue spot(colored dot) shows where to apply the glue.
Valley fold(dashed and dotted line) Make a valley fold.	● **Glue spot(Red dot)** Glue parts with the same number together.
Scissors line(solid line) Cut along the line.	● **Glue spot(Green dot)** Glue within the same part.
Cut in line(solid line) Cut along the line.	● **Glue spot(Blue dot)** Glue to the rear of the other part.

Tools and materials — Scissors, set square, glue(We recommend stick glue), pencil, used ballpoint pen, toothpicks, tweezers, (useful for handling small parts)

Assembly tip — Before gluing, crease the paper along mountain fold and valley fold lines and make sure rounded sections are nice and stiff.
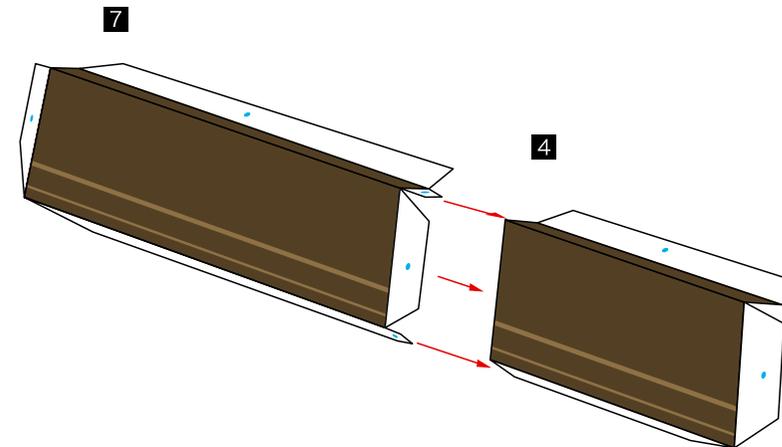

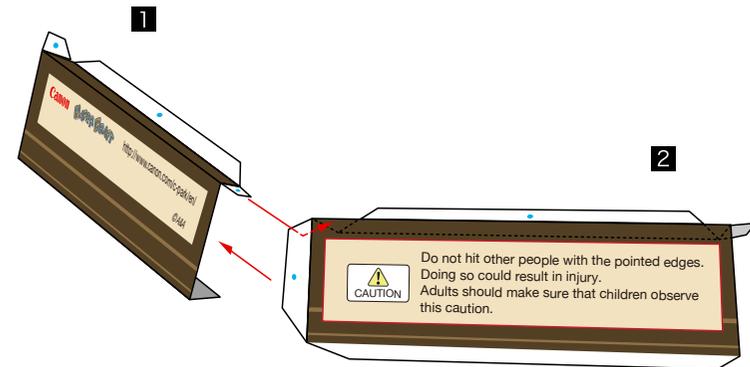

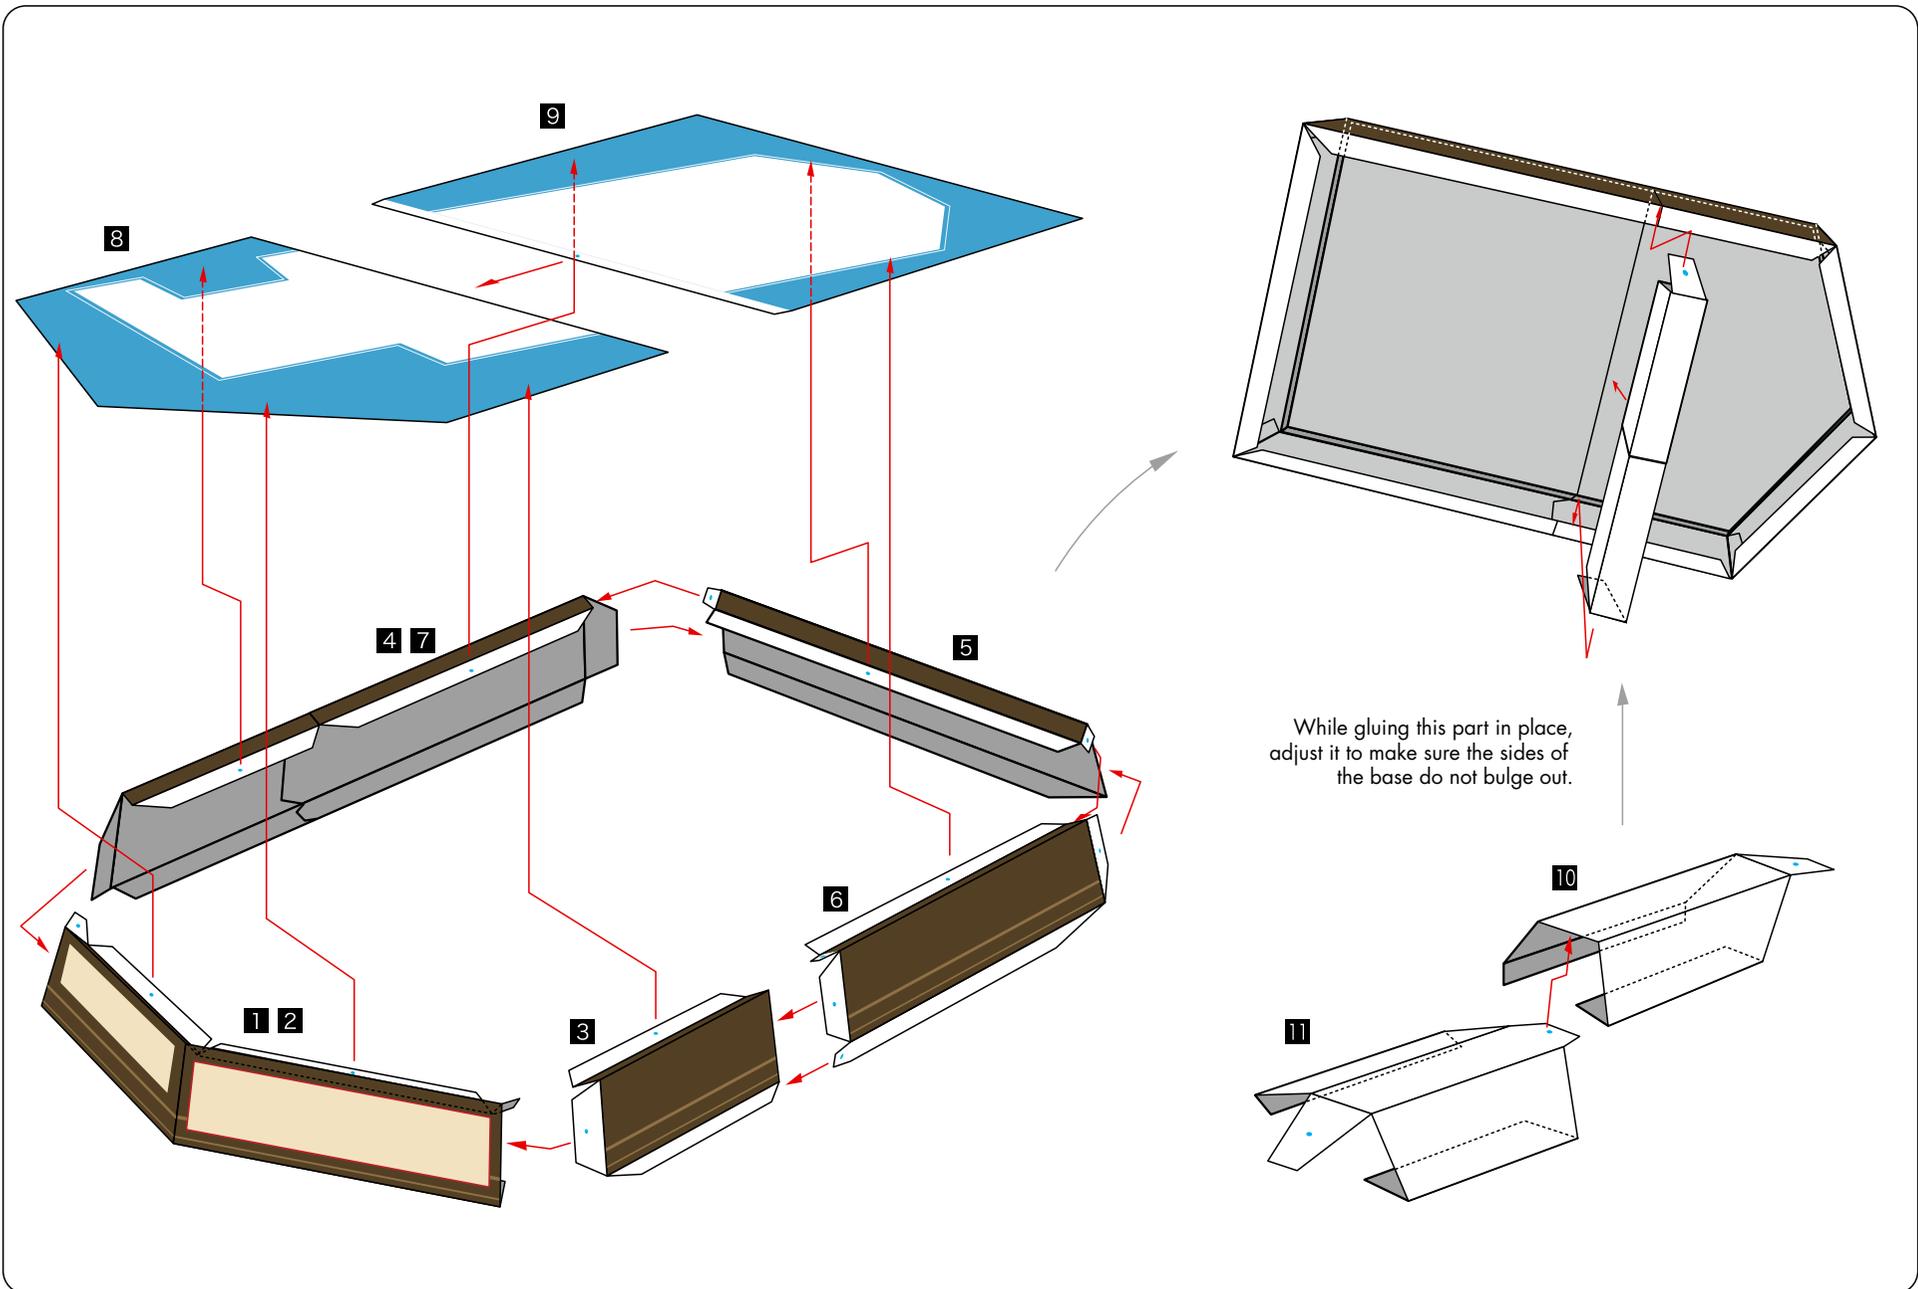

Caution ⚠ — Glue, scissors and other tools may be dangerous to young children so be sure to keep them out of the reach of young children.

Before starting assembly :
Writing the number of each section on its back side before cutting out the sections is highly recommended.
(* This way, you can be sure which section is which even after cutting out the sections.)

Indicates where sections should be glued together.

[1] Assemble the base.

⚠ CAUTION — Do not hit other people with the pointed edges. Doing so could result in injury.
Adults should make sure that children observe this caution.

Canon

While gluing this part in place, adjust it to make sure the sides of the base do not bulge out.
