Wolf Link

During Link's newest adventure, **The Legend of Zelda: Twilight Princess**, you'll sometimes have to play as a wolf. Not to worry though, because Wolf Link is far from helpless... Although you become unable to use items, there are certain benefits to being a wolf as well. For instance, you can use the **Sense** command to become able to see things invisible to the naked eye and catch scent trails. And you can also **Dig** at the ground to unearth special items or find a way through to the other side of a locked gate.

And of course, what enemy wouldn't be afraid of Big Bad Wolf Link...
